### How to Play

Use the clues (in parentheses) to fill the blanks in **Row 1** with three eight-letter words that can be made from the letters in **S-T-A-N-F-O-R-D  U-N-I-V-E-R-S-I-T-Y’S  F-O-U-N-D-E-R-S**. Place the three unused letters in the boxes to the right of the row in alphabetical order.

Next, eliminate a letter from the first row’s green word and rearrange the letters to form a seven-letter word, according to the clue in **Row 2**. Place the newly removed letter in the appropriately colored boxes to the right of that row. Do the same for the orange and blue words. Keep removing a letter from each word until you reach **Row 8**, where the only remaining letters spell **Y-O-U**. As you fill the boxes at the end of each row, use the box numbers to place the letters in the numbered blanks in the box at the bottom of the page. These become possible chapter titles that could be found in the book *Stanford University’s Founders*. Work back and forth, and up and down, using the chapter subtitles as further hints, until you’ve found all 21 words and all four chapter titles.

### Chapter Titles
